Additional Items/Notes

Thin liner socks help to reduce the chance of blisters.

Leave a clean set of clothes in the car for the ride back.

The food items listed are merely a guideline for lightweight non-perishables. Chop and change to taste.

If you have space (and weight) to spare, a fresh apple every day is a treat.

Guide for backpack weight: 20% of bodyweight for adults (15% for children), depending on fitness and experience

Happy hiking!
